Introduction

This document includes scripts and instructions for administering the Spring and Summer 2026 assessments to students who require accommodated paper-based tests (regular print, large print, one-item-per-page). Test administrators (TAs) are responsible for reading the *Test Administration Policies and Procedures*, *Test Security Policies and Procedures*, *Test Invalidation Policies and Procedures* sections, the *Test Administrator Responsibilities* sections, and the appropriate appendices of the *Spring/Summer 2026 Test Administration Manual* (Spring/Summer 2026 Manual). Test administrators are also responsible for reading the *2025–2026 Statewide Assessments Accommodations Guide*.

Test administrators who are administering assessments to students using large print or one-item-per-page accommodations must refer to the appropriate *Test Administrator Instructions* for each special document type in the *2025–2026 Statewide Assessments Accommodations Guide*. Scripts and instructions for administering braille accommodations are included with braille test materials and are available on the Florida Statewide Assessments Portal (<https://flfast.org/fsa.html>). Scripts and instructions for administering computer-based accommodations (e.g., masking, text-to-speech) are available on the portal.

Script for Administering the Accommodated Paper-Based Grades 4–10 B.E.S.T. Writing Test

120+ Minutes

The following script should be used to administer the Grades 4–10 B.E.S.T. Writing Test to students using a regular print, large print, or one-item-per-page paper-based accommodation.

When testing students who are allowed certain administration accommodations (e.g., extended time, use of translation dictionary), you must modify this script with the specific instructions that students are to follow. It is important that you review the script before testing begins to determine the necessary modifications.

If you are administering the test to students using a large print accommodation, use this script along with the instructions on pages 32–35 in the *2025–2026 Statewide Assessments Accommodations Guide*. If you are administering the test to students using a one-item-per-page accommodation, use this script along with the instructions on pages 35–38 in the *2025–2026 Statewide Assessments Accommodations Guide*. For more information about Oral Presentation accommodations, see pages 41–53 in the *2025–2026 Statewide Assessments Accommodations Guide*. Scripts and instructions for students using a braille version of the test are provided with the braille test materials and are also available on the Florida Statewide Assessments Portal.

This test is 120 minutes, and students will take a short stretch break after 60 minutes of testing. Students who need additional time after 120 minutes may continue working up to half of a typical school day. Ensure that you have the correct stopping time for students who use additional time, and display the stopping time as instructed in the script.

During this test, remember the following:

- Ensure that you have a Security Log and a seating chart, and collect required administration information for your room. Remember to maintain these documents during testing.
- If a student starts a test and leaves campus without finishing (e.g., for lunch, an appointment), he or she will **not** be allowed to return to the test. If you have concerns that a student will be unable to finish the test, you should not allow the student to begin. Instead, contact the school assessment coordinator for instructions.
- Provide individual student restroom breaks, as appropriate, and maintain the security of the test during breaks. Only one student may leave the room at a time. The student should close his or her test and answer book and should not discuss or exchange information about the test with anyone during breaks. **Students must not be given access to electronic devices (e.g., cell phones, smart glasses, tablets, smartwatches) during breaks. If a student accesses his or her electronic device(s) during a break, that student’s test must be invalidated.**
- During a break, you may reread portions of this script to students as reminders (e.g., check your work, testing rules).
- If a disruption occurs during testing, note the time of the disruption in order to provide students the appropriate amount of remaining time once testing resumes.
- When reading the following script, please note that optional words are italicized and in parentheses.

- Be familiar with the prohibited activities listed on the *Test Administrator Prohibited Activities Agreement* that you signed.

Before Reading This Script

1. Before students arrive, ensure that the testing room is prepared as described on pages 24–25 of the Spring/Summer 2026 Manual, including removing or covering any visual aids on boards or walls.
2. Ensure that you have all test materials needed for this test.
3. Display the district name, school name, and today’s date.
4. Ensure that the Electronic Devices sign is visible to all students and that the Do Not Disturb sign is posted at each entrance to the testing room. (Signs are available in Appendix C of the Spring/Summer 2026 Manual and on the Florida Statewide Assessments Portal.)
5. Ensure that all student desktops are cleared off and are free of any unauthorized aids (e.g., word lists, dictionaries). Do not provide any non-testing materials to students, such as graphic organizers or study sheets.
6. Ensure that students’ personal electronic devices are put away or collected, depending on your school’s procedures.
7. Ensure that you understand your school assessment coordinator’s instructions regarding the length of time students should be permitted to test. **Contact your school assessment coordinator if you have not already received timing information for this test.**
8. Distribute the following materials to each student:
 - A No. 2 pencil
 - *Writing Planning Sheet* (Ensure that you have a copy of the sample planning sheet, available on the portal, to display for students when instructed in the script.)

SAY	Today, you are going to take the Grade ____ B.E.S.T. Writing Test. You may not have any electronic or recording devices at your desk, in your pockets, or anywhere you can reach them at any time during this test, even if they are turned off or you do not use them. Electronic and recording devices include but are not limited to cell phones, smart glasses, tablets, smartwatches, cameras, and any device capable of listening, recording, storing, viewing, or playing back audio or visual content. You may not use Bluetooth/wireless headphones/earbuds during testing. If you have access to or use any electronic or recording devices at any time during this test, including breaks, your test will not be scored. Check your pockets and your work area now to make sure you don’t have any electronic devices. If you have any devices with you right now, please turn them off and raise your hand.
-----	--

If a student raises his or her hand, follow your school’s procedures regarding electronic devices. At this time, silence your own electronic device(s).

SAY	You will have 120 minutes to complete this test, and we will take a short stretch break after 60 minutes. After 120 minutes, you will be permitted to continue working if you need additional time.
-----	---

Distribute the Grade ____ B.E.S.T. Writing Test test and answer books.

Contact your school assessment coordinator if you have preidentified books that do not belong to students in your testing room or if you need additional test and answer books. Update your required administration information as necessary.

After distributing test and answer books,

SAY	The only materials on your desk should be your No. 2 pencil, your planning sheet, and your Grade ____ B.E.S.T. Writing test and answer book. Do not open your book. Look at the label in the lower left corner of your book. Check to make sure that your name and date of birth are on the label. If you see any problems, raise your hand.
-----	--

If a student has an incorrect label affixed to his or her book, contact your school assessment coordinator.

SAY	Now, look at the box in the upper-left corner of your test and answer book. Print your first and last names next to Student Name. Print your date of birth next to Date of Birth. Print _____ (<i>name of the school</i>) next to School Name. Print _____ (<i>name of the district</i>) next to District Name. Print _____ (<i>today's date</i>) next to Today's Date.
-----	--

The fields in the upper-left corner of the test and answer book must be completed by each student even when a student PreID label is affixed.

Wait until students have finished.

Now, hold up a sample planning sheet with the lined side facing the students.

SAY	Now, look at your planning sheet. Print your name and today's date in the upper-right corner. You may use the front and back of this planning sheet to jot down ideas, plan, and organize (<i>prewrite, cluster, map, or web</i>) what you will write. It is important to use the planning sheet to plan what you will write, but make sure that you allow enough time to complete your response in your test and answer book. The writing on your planning sheet will not be scored. Only the response you write in your test and answer book will be scored. Find the plastic tab on the right side of your test and answer book. Carefully pull the tab out and down. Do not remove any remaining pieces of the tab.
-----	--

Make sure that all students pull the tab. If a student tears his or her book, contact your school assessment coordinator.

SAY	Now, open your test and answer book to page 2 and look at the Testing Rules Acknowledgment. Please listen as I review the testing rules. • You may not have a cell phone during testing. • Do not talk to other students or make any disturbance. • Do not look at another student's test materials. • Do not allow another student to look at your test materials.
-----	---

SAY	• Do not ask for help writing your response or provide help writing someone else’s response. • You cannot have notes or scratch paper other than your planning sheet. • Do not have access to or use any electronic or recording devices at any time during this session, including during breaks. Because the content in all statewide assessments is secure, you may not discuss or reveal details about the passages, prompt, or your writing response after the test. This includes any type of electronic communication, such as texting, emailing, or posting to social media sites. Are there any questions?
-----	---

Answer all questions.

SAY	Now, read silently as I read the Testing Rules Acknowledgment out loud. I understand the testing rules that were just read to me. If I do not follow these rules, my test score may be invalidated. Now, sign your name on the line next to Signature in your test and answer book to indicate that you understand the testing rules.
-----	---

Pause while students sign their names. If a student does not sign his or her name, contact your school assessment coordinator.

SAY	Now, turn to the lined pages near the back of your test and answer book. You have three lined pages to write your response, and you may not write outside of the boxes or ask for extra paper. Only the response you write on these pages will be scored. Read each passage carefully and respond completely to the writing prompt. Remember that your writing should show that you can organize and express your thoughts clearly and that you have responded completely to the writing prompt. You are required to write your response in English. Responses written in languages other than English will not be scored. You may not use a dictionary. If you aren’t sure how to spell a word, spell it the best way you can. Manage your time carefully so that you can read the passages, plan your response, write your response, and revise and edit your response. If you finish the test before time is called, go back and check (<i>proofread</i>) your work and make corrections to improve your writing. Please raise your hand if you have any questions.
-----	--

Answer all questions.

SAY	If you need to leave the room at any time, raise your hand. Only one student may leave the room at a time. Close your test and answer book before you leave. While outside the testing room, you are not permitted to access any electronic devices or discuss the test with anyone. You have 120 minutes to complete this test, and we will take a short stretch break after 60 minutes. After 120 minutes, you will be permitted to continue working if you need additional time. I will remind you when there are 10 minutes left in the test. Now, turn to page 4 in your test and answer book and begin working.
-----	---

Complete the following:

STARTING time:	_____
Add 60 minutes:	+60 minutes
Time to call a break:	_____
TIME TESTING RESUMES:	_____
Add 50 minutes:	+50 minutes
Time for 10-minute reminder:	_____
Add 10 minutes:	+10 minutes
STOPPING time:	_____

Display the STARTING and STOPPING times for students.

Although it is your responsibility to ensure that students are working independently, you are prohibited from reading test content and planning sheets before, during, and after the test.

Do not use cell phones, classroom phones, computers, or other devices (except to contact your school assessment coordinator in an emergency). Do not check email, grade papers, etc. Your full attention should be on students **at all times** while you are **actively monitoring** the testing room.

If a defective book is found during testing, contact your school assessment coordinator to obtain a replacement book with a new student PreID label. Do not remove the student PreID label from the defective book. Grid the DNS bubble on the defective book and set it aside.

Add the new security number to your required administration information. Direct the student to write his or her name, date of birth, school name, district name, and today's date in the box in the upper-left corner on the front cover of the replacement book.

After 60 minutes from the STARTING time,

SAY	Stop. Put your pencil down and close your test and answer book. Place your planning sheet under your test and answer book. You may stand and stretch, but do not talk.
-----	--

After a short break,

SAY	Now, be seated. You still have 60 minutes to complete the test, and I will let you know when there are 10 minutes left. You will be permitted to continue working if you need additional time. As a reminder, the writing on your planning sheet will not be scored. Only the response in your test and answer book will be scored. Make sure you are on the page where you left off. You may now continue working.
-----	---

After 50 minutes,

SAY	There are 10 minutes left in this test. Remember to check (<i>proofread</i>) your work and make corrections to improve your writing.
-----	--

After 10 more minutes,

SAY	Stop. Put your pencil down and close your test and answer book. Place your planning sheet under your test and answer book. Raise your hand if you would like additional time to work. Please sit quietly and do not continue working at this time. If you have finished working, I will collect your test and answer book and planning sheet now.
-----	--

Collect test materials from students who are finished with their tests.

Based on instructions from your school assessment coordinator, either dismiss students who have finished and allow students who have not finished to continue working, **or** move students who require additional time to an alternate testing location. If students are moved to a new location, create a new seating chart for that location, return the test materials that the students used in the previous testing location, and ensure that students using extra time are allowed the correct amount of time to complete the test. **Students may work for a total of half of a typical school day.**

Display the new stopping time for students. Once students are ready to continue working,

SAY	Now, we will continue testing. You have until ____ to continue working, and I will let you know when there are 10 minutes left. Now, open your test and answer book and continue working.
-----	---

At 10 minutes before the stopping time,

SAY	You have 10 minutes to complete the test. Remember to check (<i>proofread</i>) your work and make corrections to improve your writing.
-----	--

After 10 more minutes,

SAY	Stop. Put your pencil down and close your test and answer book. Place your planning sheet under your test and answer book. Do not place your planning sheet inside your test and answer book.
-----	--

Collect test materials.

Complete the following steps:

1. Make sure that each student returns his or her test and answer book and planning sheet, and indicate on your required administration information that each book is returned. Also make sure that your testing room seating chart is accurate and complete and includes arrows to indicate which direction students are facing.
2. Keep planning sheets in a separate stack and, if necessary, remove any stray planning sheets from test and answer books.
3. Report any missing materials and/or test irregularities or security breaches to your school assessment coordinator immediately.

4. Ensure that the box at the upper-left corner of the front cover has been completed by each student and that the information on the PreID label is accurate and complete.
5. Record the accommodations provided to students and the accommodations used by students on your required administration information. Use the following accommodations codes to record this information:

For ESE/504 students:

- 1-FP = Flexible Presentation
- 1-FR = Flexible Responding
- 1-FSC = Flexible Scheduling
- 1-FSE = Flexible Setting
- 1-AD = Assistive Devices

For ELL or recently exited ELL students:

- 2-FSC = Flexible Scheduling
- 2-FSE = Flexible Setting
- 2-AHL = Assistance in Heritage Language
- 2-ADI = Approved Dictionary

6. If a student provides a typed response, see the *Directions for Returning Typed Writing Responses* in the *2025–2026 Statewide Assessments Accommodations Guide*.
7. Return all materials to your school assessment coordinator as described on page 150 of the Spring/Summer 2026 Manual.

Script for Administering the Accommodated Paper-Based B.E.S.T. Algebra 1/Geometry EOC Assessment

160+ Minutes

The following script should be used to administer the B.E.S.T. Algebra 1 or Geometry EOC assessment to students using a regular print, large print, or one-item-per-page paper-based accommodation.

When testing students who are allowed certain administration accommodations (e.g., extended time, use of translation dictionary), you must modify this script with the specific instructions that students are to follow. It is important that you review the script before testing begins to determine the necessary modifications.

If you are administering the test to students using a large print accommodation, use this script along with the instructions on pages 32–35 in the *2025–2026 Statewide Assessments Accommodations Guide*. If you are administering the test to students using a one-item-per-page accommodation, use this script along with the instructions on pages 35–38 in the *2025–2026 Statewide Assessments Accommodations Guide*. For more information about Oral Presentation accommodations, see pages 41–53 in the *2025–2026 Statewide Assessments Accommodations Guide*. Scripts and instructions for students using a braille version of the test are provided with the braille test materials and are also available on the Florida Statewide Assessments Portal.

This test is 160 minutes, and students will take a short stretch break after 80 minutes of testing. Students who need additional time after 160 minutes may continue working; however, testing must be completed within the same school day.

During this test, remember the following:

- Ensure that you have a Security Log and a seating chart, and collect required administration information for your room. Remember to maintain these documents during testing.
- If a student starts a test and leaves campus without finishing (e.g., for lunch, an appointment), he or she will **not** be allowed to return to that test. If you have concerns that a student will be unable to finish the test, you should not allow the student to begin. Instead, contact the school assessment coordinator for instructions.
- Provide individual student restroom breaks as needed, as well as lunch breaks, as appropriate, and maintain the security of the test during breaks. Only one student may leave the room at a time. The student should close his or her test and response book and should not discuss or exchange information about the test with anyone during breaks. **Students must not be given access to electronic devices (e.g., cell phones, smart glasses, tablets, smartwatches) during breaks. If a student accesses his or her electronic device(s) during a break, that student’s test must be invalidated.**
- During a break, you may reread portions of this script to students as reminders (e.g., check your work, testing rules).
- If a disruption occurs during testing, note the time of the disruption in order to provide students the appropriate amount of remaining time once testing resumes.

- When reading the following script, please note that optional words are italicized and in parentheses.
- Be familiar with the prohibited activities listed on the *Test Administrator Prohibited Activities Agreement* that you signed.

Before Reading This Script

1. Before students arrive, ensure that the testing room is prepared as described on pages 24–25 of the Spring/Summer 2026 Manual, including removing or covering any visual aids on boards or walls.
2. Ensure that you have all test materials needed for this test.
3. Ensure that the Electronic Devices sign is visible to all students and that the Do Not Disturb sign is posted at each entrance to the testing room. (Signs are available in Appendix C of the Spring/Summer 2026 Manual and on the Florida Statewide Assessments Portal.)
4. Ensure that all student desktops are cleared off and are free of any unauthorized aids (e.g., charts displaying mathematical concepts). Do not provide any non-testing materials to students, such as graphic organizers or study sheets.
5. Ensure that students' personal electronic devices are put away or collected, depending on your school's procedures.
6. Distribute the following materials to each student:
 - A No. 2 pencil
 - A handheld scientific calculator
 - If your school is providing paper reference sheets for all students, *B.E.S.T. Algebra 1 EOC Mathematics Reference Sheet* or *B.E.S.T. Geometry EOC Mathematics Reference Sheet*

SAY	Today, you will take the B.E.S.T. (<i>Algebra 1 EOC</i>) (<i>Geometry EOC</i>) test. You may not have any electronic or recording devices, other than your calculator, at your desk, in your pockets, or anywhere you can reach them at any time during this test, even if they are turned off or you do not use them. Electronic and recording devices include but are not limited to cell phones, smart glasses, tablets, smartwatches, cameras, and any device capable of listening, recording, storing, viewing, or playing back audio or visual content. You may not use Bluetooth/wireless headphones/earbuds during testing. If you have access to or use any electronic or recording devices at any time during this test, including breaks, your test will not be scored. Check your pockets and your work area now to make sure you don't have any electronic devices. If you have any devices with you right now, please turn them off and raise your hand.
-----	---

If a student raises his or her hand, follow your school's procedures regarding electronic devices. At this time, silence your own electronic device(s).

SAY	You will have 160 minutes to complete this test, and we will take a short stretch break after 80 minutes. After 160 minutes, you will be permitted to continue working if you need additional time.
-----	---

Distribute the B.E.S.T. Algebra 1 or Geometry EOC test and response books.

Contact your school assessment coordinator if you have preidentified books that do not belong to students in your testing room or if you need additional test and response books. Update your required administration information as necessary.

After distributing test and response books,

SAY	The only materials on your desk should be your (<i>reference sheet</i>,) No. 2 pencil, your B.E.S.T. (<i>Algebra 1 EOC</i>) (<i>Geometry EOC</i>) test and response book, and your calculator. You may not share calculators during the test. Without opening your book, look at the label at the top of your book. Check to make sure that your name and date of birth are on the label. If you see any problems, raise your hand.
-----	---

If a student has an incorrect label affixed to his or her book, contact your school assessment coordinator.

SAY	Now, look at the middle of the front cover of your test and response book. Print your first and last names next to Student Name.
-----	---

The student name field on the test and response book must be completed by each student even when a student PreID label is affixed.

SAY	Find the plastic tab on the right side of your book. Carefully pull the tab out and down. Do not remove any remaining pieces of the tab.
-----	---

Make sure that all students pull the tab. If a student tears his or her book, contact your school assessment coordinator.

SAY	Now, open your test and response book to page 2 and look at the Testing Rules Acknowledgment. Please listen as I review the testing rules. • You may not have a cell phone during testing. • Do not talk to other students or make any disturbance. • Do not look at another student's test materials. • Do not allow another student to look at your test materials. • Do not ask for or provide help answering any test questions. • You cannot have notes or scratch paper. • Do not have access to or use any electronic or recording devices at any time during this session, including during breaks. Because the content in all statewide assessments is secure, you may not discuss or reveal details about the test items or content after the test. This includes any type of electronic communication, such as texting, emailing, or posting to social media sites. Are there any questions?
-----	--

Answer all questions.

SAY	Now, read silently as I read the Testing Rules Acknowledgment out loud. I understand the testing rules that were just read to me. If I do not follow these rules, my test score may be invalidated. Now, sign your name on the line next to Signature in your test and response book to indicate that you understand the testing rules.
-----	---

Pause while students sign their names. If a student does not sign his or her name, contact your school assessment coordinator.

SAY	Turn to page 3 in your test and response book and note the directions at the top of the page. Also on this page is a sample item that describes how for some items you will write your response in a shaded box instead of bubbling your answer. Review these instructions and the sample item. <i>(Pause.)</i> Are there any questions?
-----	--

Pause to allow students a moment to review the instructions and answer all student questions.

SAY	Now, turn to <i>(Algebra 1 SAY: page 5) (Geometry SAY: pages 5–6)</i> in your test and response book and look at the <i>(B.E.S.T. Algebra 1) (B.E.S.T. Geometry) EOC Mathematics Reference Sheet</i>. The reference sheet contains formulas and conversions you may need to answer the mathematics questions. You may refer to this page at any time during this test but do not tear the reference sheet out of the book. Now, close your book.
-----	---

If your school provided paper copies of the *B.E.S.T. Algebra 1 EOC Mathematics Reference Sheet* or *B.E.S.T. Geometry EOC Mathematics Reference Sheet* for students to use,

SAY	Now, look at the top of your paper reference sheet. It should say <i>(B.E.S.T. Algebra 1) (B.E.S.T. Geometry) EOC Mathematics Reference Sheet</i>. Examine the page carefully to ensure that content near the edge of the reference sheet has not been cut off. Please raise your hand if there are problems with your reference sheet.
-----	--

Pause, then collect any defective reference sheets and return them to the school assessment coordinator. Distribute new reference sheets to these students and instruct them to check the sheets carefully.

SAY	Write your first and last names in the upper-right corner of the reference sheet now. <i>(Pause.)</i> This is considered a secure document and must be returned with your test and response book. Please raise your hand if you have any questions.
-----	--

Answer all questions.

SAY	Remember the following: • Mark your answers directly in your test and response book. • Read each item carefully so you will understand how to respond. • Completely fill in the bubble or bubbles that you choose for your answer or write your response in the shaded box. If you change an answer, be sure to erase completely. • When filling in a bubble or bubbles to provide your answer, only fill in the bubbles you want to count as correct answers. • When you have completed this test, you may review your work. Try to answer every question. If you aren't sure how to answer a question, skip it and keep going. After you have answered all the other questions, go back and answer any questions you skipped. You may not have scratch paper, but you may use the blank space in your test and response book as workspace. Please raise your hand if you have any questions.
-----	---

Answer all questions.

Read Option A, B, or C based on instructions from your school assessment coordinator.

Option A

SAY	When you have finished the test, review your work carefully and make sure you have answered every question. Then, close your test and response book and raise your hand. I will collect your test materials. Once I have collected your (<i>reference sheet</i>,) calculator and test and response book, I will not be able to return it to you. If you finish the test within the first 80 minutes, please sit quietly. You are not permitted to leave within the first 80 minutes. At the break, you will be dismissed. If you finish the test after the stretch break, you may leave quietly once I have collected your test materials. Please raise your hand if you have any questions.
-----	--

OR

Option B

SAY	When you have finished the test, review your work carefully and make sure you have answered every question. Then, close your test and response book and raise your hand. I will collect your test materials. Once I have collected your (<i>reference sheet</i>,) calculator and test and response book, I will not be able to return it to you. Sit quietly until I tell you that the test has ended. Please raise your hand if you have any questions.
-----	--

OR

Option C

SAY	When you have finished the test, review your work carefully and make sure you have answered every question. Then, close your test and response book and raise your hand. I will collect your test materials. Once I have collected your (<i>reference sheet</i>,) calculator and test and response book, I will not be able to return it to you. Sit quietly until I tell you that the test has ended. You may read, but you may not write. Please raise your hand if you have any questions.
-----	---

Answer all questions.

SAY	If you need to leave the room at any time, raise your hand. Only one student may leave the room at a time. Close your test and response book before you leave. While outside the testing room, you are not permitted to access any electronic devices or discuss the test with anyone. You have 160 minutes to complete this test, and we will take a short stretch break after 80 minutes. After 160 minutes, you will be permitted to continue working if you need additional time. I will remind you when there are 10 minutes left in the test. Open your test and response book to page 8 and begin working.
-----	---

Complete the following:

STARTING time:	_____
Add 80 minutes:	+80 minutes
Time to call a break:	_____
TIME TESTING RESUMES:	_____
Add 70 minutes:	+70 minutes
Time for 10-minute reminder:	_____
Add 10 minutes:	+10 minutes
STOPPING time:	_____

Display the STARTING and STOPPING times for students.

Although it is your responsibility to ensure that students are working independently, you are prohibited from reading test content before, during, and after the test.

Do not use cell phones, classroom phones, computers, or other devices (except to contact your school assessment coordinator in an emergency). Do not check email, grade papers, etc. Your full attention should be on students **at all times** while you are **actively monitoring** the testing room.

If a defective book is found during testing, contact your school assessment coordinator to obtain a replacement book with a new student PreID label. Do not remove the student PreID label from the defective book.

Add the new security number to your required administration information. Direct the student to write his or her name on the line in the middle of the front cover of the replacement book.

After 80 minutes from the STARTING time,

SAY	Stop. Put your pencil down and close your test and response book. You may stand and stretch, but do not talk.
-----	--

If your school selected Option A,

SAY	Please raise your hand if you have completed the test. I will confirm that I have your test materials, and then you may leave the room quietly. If you have not completed the test, wait quietly as I dismiss these students. We will resume testing after the break.
-----	---

Confirm that you have collected all test materials from students who are being dismissed at this time.

After a short break,

SAY	Now, be seated. You still have 80 minutes to complete this test, and I will let you know when there are 10 minutes left. You will be permitted to continue working if you need additional time. Remember, if you finish early, go back and check your work.
	Make sure you are on the page where you left off. You may now continue working.

After 70 minutes,

SAY	There are 10 minutes left in this test. Remember that you will be permitted to continue working if you need additional time.
-----	--

After 10 more minutes,

SAY	Stop. Put your pencil down and close your test and response book. Raise your hand if you would like additional time to work. Please sit quietly and do not continue working at this time.
	If you have finished working, I will collect your (<i>reference sheet,</i>) test and response book and calculator now.

Collect test materials from students who are finished with their tests.

Based on instructions from your school assessment coordinator, either dismiss students who have finished and allow students who have not finished to continue working, **or** move students who require additional time to an alternate testing location. If students are moved to a new location, create a new seating chart for that location, return the test materials that the students used in the previous testing location, and ensure that students using extra time are allowed the correct amount of time to complete the test. **Students who need additional time after 160 minutes may continue working; however, testing must be completed within the same school day.**

Once students are ready to continue working,

SAY	Now, we will continue testing. Remember, if you need to leave the room at any time, raise your hand. Only one student may leave the room at a time. While outside the testing room, you are not permitted to access any electronic devices or discuss the test with anyone.
	Please raise your hand after you have finished the test. I will confirm that I have your test materials, and then you may leave the room quietly.

If an extended break such as lunch occurs, collect test and response books before the students leave the room. Place all testing materials in locked storage until testing resumes. **Students may not have electronic devices during breaks. If a student accesses his or her electronic device(s) during a break, that student's test must be invalidated.** When testing is ready to resume, return the test materials that the students used prior to the extended break.

Display the new stopping time for students. Once students are ready to continue working,

SAY	Now, we will continue testing. You have until _____ to continue working, and I will let you know when there are 10 minutes left.
	Now, open your test and response book and continue working.

At 10 minutes before the stopping time,

SAY	You have 10 minutes to finish the test.
-----	---

After 10 more minutes,

SAY	Stop. Put your pencil down and close your test and response book.
-----	--

Collect test materials.

Complete the following steps:

1. Make sure that each student returns his or her (reference sheet,) test and response book and calculator, and indicate on your required administration information that each book is returned. Also make sure that your testing room seating chart is accurate and complete and includes arrows to indicate which direction students are facing.
2. Report any missing materials and/or test irregularities or security breaches to your school assessment coordinator immediately.
3. Ensure that the student name field has been completed on the front cover and that the information on the PreID label is accurate and complete.
4. Record the accommodations provided to students and the accommodations used by students on your required administration information. Use the following accommodations codes to record this information:

For ESE/504 students:

- 1-FP = Flexible Presentation
- 1-FR = Flexible Responding
- 1-FSC = Flexible Scheduling
- 1-FSE = Flexible Setting
- 1-AD = Assistive Devices

For ELL or recently exited ELL students:

- 2-FSC = Flexible Scheduling
- 2-FSE = Flexible Setting
- 2-AHL = Assistance in Heritage Language
- 2-ADI = Approved Dictionary

5. Return all materials to your school assessment coordinator as described on page 150 of the Spring/Summer 2026 Manual.

Script for Administering the Accommodated Paper-Based Biology 1 EOC Assessment

160+ Minutes

The following script should be used to administer the Biology 1 EOC assessment to students using a regular print, large print, or one-item-per-page paper-based accommodation.

When testing students who are allowed certain administration accommodations (e.g., extended time, use of translation dictionary), you must modify this script with the specific instructions that students are to follow. It is important that you review the script before testing begins to determine the necessary modifications.

If you are administering the test to students using a large print accommodation, use this script along with the instructions on pages 32–35 in the *2025–2026 Statewide Assessments Accommodations Guide*. If you are administering the test to students using a one-item-per-page accommodation, use this script along with the instructions on pages 35–38 in the *2025–2026 Statewide Assessments Accommodations Guide*. For more information about Oral Presentation accommodations, see pages 41–53 in the *2025–2026 Statewide Assessments Accommodations Guide*. Scripts and instructions for students using a braille version of the test are provided with the braille test materials and are also available on the Florida Statewide Assessments Portal.

This test is 160 minutes, and students will take a short stretch break after 80 minutes of testing. Students who need additional time after 160 minutes may continue working; however, testing must be completed within the same school day.

During this test, remember the following:

- Ensure that you have a Security Log and a seating chart, and collect required administration information for your room. Remember to maintain these documents during testing.
- If a student starts a test and leaves campus without finishing (e.g., for lunch, an appointment), he or she will **not** be allowed to return to that test. If you have concerns that a student will be unable to finish the test, you should not allow the student to begin. Instead, contact the school assessment coordinator for instructions.
- Provide individual student restroom breaks as needed, as well as lunch breaks, as appropriate, and maintain the security of the test during breaks. Only one student may leave the room at a time. The student should close his or her test and response book and should not discuss or exchange information about the test with anyone during breaks. **Students must not be given access to electronic devices (e.g., cell phones, smart glasses, tablets, smartwatches) during breaks. If a student accesses his or her electronic device(s) during a break, that student’s test must be invalidated.**
- During a break, you may reread portions of this script to students as reminders (e.g., check your work, testing rules).
- If a disruption occurs during testing, note the time of the disruption in order to provide students the appropriate amount of remaining time once testing resumes.
- Be familiar with the prohibited activities listed on the *Test Administrator Prohibited Activities Agreement* that you signed.

Before Reading This Script

1. Before students arrive, ensure that the testing room is prepared as described on pages 24–25 of the Spring/Summer 2026 Manual, including removing or covering any visual aids on boards or walls.
2. Ensure that you have all test materials needed for this test.
3. Ensure that the Electronic Devices sign is visible to all students and that the Do Not Disturb sign is posted at each entrance to the testing room. (Signs are available in Appendix C of the Spring/Summer 2026 Manual and on the Florida Statewide Assessments Portal.)
4. Ensure that all student desktops are cleared off and are free of any unauthorized aids (e.g., charts displaying scientific concepts). Do not provide any non-testing materials to students, such as graphic organizers or study sheets.
5. Ensure that students' personal electronic devices are put away or collected, depending on your school's procedures.
6. Distribute the following materials to each student:
 - A No. 2 pencil
 - A *Periodic Table of the Elements*
 - A handheld four-function calculator

SAY	Today, you will take the Biology 1 EOC test. You may not have any electronic or recording devices except a four-function calculator at your desk, in your pockets, or anywhere you can reach them at any time during this test, even if they are turned off or you do not use them. Electronic and recording devices include but are not limited to cell phones, smart glasses, tablets, smartwatches, cameras, and any device capable of listening, recording, storing, viewing, or playing back audio or visual content. You may not use Bluetooth/wireless headphones/earbuds during testing. If you have access to or use any electronic or recording devices at any time during this test, including breaks, your test will not be scored. Check your pockets and your work area now to make sure you don't have any electronic devices. If you have any devices with you right now, please turn them off and raise your hand.
-----	--

If a student raises his or her hand, follow your school's procedures regarding electronic devices. At this time, silence your own electronic device(s).

SAY	You will have 160 minutes to complete this test, and we will take a short stretch break after 80 minutes. After 160 minutes, you will be permitted to continue working if you need additional time.
-----	---

Distribute the Biology 1 EOC test and response books.

Contact your school assessment coordinator if you have preidentified books that do not belong to students in your testing room or if you need additional test and response books. Update your required administration information as necessary.

After distributing test and response books,

SAY	The only materials on your desk should be your No. 2 pencil, your Biology 1 EOC test and response book, your <i>Periodic Table of the Elements</i>, and your calculator. You may not share calculators during the test. Without opening your book, look at the label at the top of your book. Check to make sure that your name and date of birth are on the label. If you see any problems, raise your hand.
-----	---

If a student has an incorrect label affixed to his or her book, contact your school assessment coordinator.

SAY	Now, look at the middle of the front cover of your test and response book. Print your first and last names next to Student Name.
-----	---

The student name field on the test and response book must be completed by each student even when a student PreID label is affixed.

SAY	Find the plastic tab on the right side of your book. Carefully pull the tab out and down. Do not remove any remaining pieces of the tab.
-----	---

Make sure that all students pull the tab. If a student tears his or her book, contact your school assessment coordinator.

SAY	Now, open your test and response book to page 2 and look at the Testing Rules Acknowledgment. Please listen as I review the testing rules. • You may not have a cell phone during testing. • Do not talk to other students or make any disturbance. • Do not look at another student's test materials. • Do not allow another student to look at your test materials. • Do not ask for or provide help answering any test questions. • You cannot have notes or scratch paper. • Do not have access to or use any electronic or recording devices at any time during this session, including during breaks. Because the content in all statewide assessments is secure, you may not discuss or reveal details about the test items or content after the test. This includes any type of electronic communication, such as texting, emailing, or posting to social media sites. Are there any questions?
-----	--

Answer all questions.

SAY	Now, read silently as I read the Testing Rules Acknowledgment out loud. I understand the testing rules that were just read to me. If I do not follow these rules, my test score may be invalidated. Now, sign your name on the line next to Signature in your test and response book to indicate that you understand the testing rules.
-----	---

Pause while students sign their names. If a student does not sign his or her name, contact your school assessment coordinator.

SAY	Now, look at page 3 of your book. The picture of the four-function calculator indicates the function of each of the keys. Note that some calculators display the negative sign to the right of the numbers rather than to the left. Let's perform a calculator check. Key in the subtraction problem <i>three minus seven</i>. Your calculator will display the answer as a 4 followed by a negative sign or as a negative sign followed by a 4 (<i>4 – or – 4</i>). Either is correct. The bottom half of the page lists Helpful Hints for Using a Four-Function Calculator. Take a moment to read through the list of hints. You may refer to this page at any time during the test.
-----	---

Pause to allow students time to review the list.

SAY	Turn to page 6 and read silently as I read aloud the directions at the top of the page. Read each item in this Test and Response Book. Then, choose the best answer to each item. Fill in the bubble completely beside the answer you choose. If you change your answer, be sure to erase completely. Now, close your test and response book. Look at the <i>Periodic Table of the Elements</i>. You may refer to the periodic table at any time during the Biology 1 EOC Assessment. Remember the following: • Mark your answers directly in your test and response book. • Read each item carefully so you will understand how to respond. • Completely fill in the bubble that you choose for your answer. If you change an answer, be sure to erase completely. • When filling in a bubble to provide your answer, only fill in the bubble you want to count as the correct answer. • When you have completed this test, you may review your work. Try to answer every question. If you aren't sure how to answer a question, skip it and keep going. After you have answered all the other questions, go back and answer any questions you skipped. You may not have scratch paper, but you may use the blank space in your test and response book as workspace. Please raise your hand if you have any questions.

Based on instructions from your school assessment coordinator, either dismiss students who have finished and allow students who have not finished to continue working, **or** move students who require additional time to an alternate testing location. If students are moved to a new location, create a new seating chart for that location, return the test materials that the students used in the previous testing location, and ensure that students using extra time are allowed the correct amount of time to complete the test. **Students who need additional time after 160 minutes may continue working; however, testing must be completed within the same school day.**

Once students are ready to continue working,

SAY	Now, we will continue testing. Remember, if you need to leave the room at any time, raise your hand. Only one student may leave the room at a time. Script for Administering the Accommodated Paper-Based FAST ELA Reading Retake

120+ Minutes

The following script should be used to administer the FAST ELA Reading Retake to students using a regular print, large print, or one-item-per-page paper-based accommodation.

When testing students who are allowed certain administration accommodations (e.g., extended time, use of translation dictionary), you must modify this script with the specific instructions that students are to follow. It is important that you review the script before testing begins to determine the necessary modifications.

If you are administering the test to students using a large print accommodation, use this script along with the instructions on pages 32–35 in the *2025–2026 Statewide Assessments Accommodations Guide*. If you are administering the test to students using a one-item-per-page accommodation, use this script along with the instructions on pages 35–38 in the *2025–2026 Statewide Assessments Accommodations Guide*. For more information about Oral Presentation accommodations, see pages 41–53 in the *2025–2026 Statewide Assessments Accommodations Guide*. Scripts and instructions for students using a braille version of the test are provided with the braille test materials and are also available on the Florida Statewide Assessments Portal.

This test is **120 minutes**, and students will take a short stretch break after 60 minutes of testing. Students who need additional time after 120 minutes may continue working; however, testing must be completed within the same school day.

During this test, remember the following:

- Ensure that you have a Security Log and a seating chart, and collect required administration information for your room. Remember to maintain these documents during testing.
- If a student starts a test and leaves campus without finishing (e.g., for lunch, an appointment), he or she will **not** be allowed to return to that test. If you have concerns that a student will be unable to finish the test, you should not allow the student to begin. Instead, contact the school assessment coordinator for instructions.
- Provide individual student restroom breaks as needed, as well as lunch breaks, as appropriate, and maintain the security of the test during breaks. Only one student may leave the room at a time. The student should close his or her test and response book and should not discuss or exchange information about the test with anyone during breaks. **Students must not be given access to electronic devices (e.g., cell phones, smart glasses, tablets, smartwatches) during breaks. If a student accesses his or her electronic device(s) during a break, that student’s test must be invalidated.**
- During a break, you may reread portions of this script to students as reminders (e.g., check your work, testing rules).
- If a disruption occurs during testing, note the time of the disruption in order to provide students the appropriate amount of remaining time once testing resumes.
- Be familiar with the prohibited activities listed on the *Test Administrator Prohibited Activities Agreement* that you signed.

Before Reading This Script

1. Before students arrive, ensure that the testing room is prepared as described on pages 24–25 of the Spring/Summer 2026 Manual, including removing or covering any visual aids on boards or walls.
2. Ensure that you have all test materials needed for this test.
3. Ensure that the Electronic Devices sign is visible to all students and that the Do Not Disturb sign is posted at each entrance to the testing room. (Signs are available in Appendix C of the Spring/Summer 2026 Manual and on the Florida Statewide Assessments Portal.)
4. Ensure that all student desktops are cleared off and are free of any unauthorized aids (e.g., word lists, dictionaries). Do not provide any non-testing materials to students, such as graphic organizers or study sheets.
5. Ensure that students' personal electronic devices are put away or collected, depending on your school's procedures.
6. Provide each student with a No. 2 pencil.

SAY	Today, you will take the FAST ELA Reading Retake. You may not have any electronic or recording devices at your desk, in your pockets, or anywhere you can reach them at any time during this test, even if they are turned off or you do not use them. You may not use Bluetooth/wireless headphones/earbuds during testing. If you have access to or use any electronic or recording devices at any time during this test, including breaks, your test will not be scored. Check your pockets and your work area now to make sure you don't have any electronic devices. If you have any devices with you right now, please turn them off and raise your hand.

-----	--

Pause while students sign their names. If a student does not sign his or her name, contact your school assessment coordinator.

When testing students who are allowed certain administration accommodations (e.g., extended time, use of translation dictionary), you must modify this script with the specific instructions that students are to follow. It is important that you review the script before testing begins to determine the necessary modifications.

If you are administering the test to students using a large print accommodation, use this script along with the instructions on pages 32–35 in the *2025–2026 Statewide Assessments Accommodations Guide*. If you are administering the test to students using a one-item-per-page accommodation, use this script along with the instructions on pages 35–38 in the *2025–2026 Statewide Assessments Accommodations Guide*. This test is 160 minutes, and students will take a short stretch break after 80 minutes of testing. Students who need additional time after 160 minutes may continue working up to half of a typical school day. Ensure that you have the correct stopping time for students who use additional time, and display the stopping time as instructed in the script.

During this test, remember the following:

- Ensure that you have a Security Log and a seating chart, and collect required administration information for your room. Remember to maintain these documents during testing.

Based on instructions from your school assessment coordinator, either dismiss students who have finished and allow students who have not finished to continue working, **or** move students who require additional time to an alternate testing location. If students are moved to a new location, create a new seating chart for that location, return the test materials that the students used in the previous testing location, and ensure that students using extra time are allowed the correct amount of time to complete the test. **Students may work for a total of half of a typical school day.**

Display the new stopping time for students. Once students are ready to continue working,

Script for Administering the Accommodated Paper-Based Grade 3 FAST ELA Reading (Summer)

90+ Minutes

The following script should be used to administer the Grade 3 FAST ELA Reading assessment to students using a regular print, large print, or one-item-per-page paper-based accommodation.

When testing students who are allowed certain administration accommodations (e.g., extended time, use of translation dictionary), you must modify this script with the specific instructions that students are to follow. It is important that you review the script before testing begins to determine the necessary modifications.

If you are administering the test to students using a large print accommodation, use this script along with the instructions on pages 32–35 of the *2025–2026 Statewide Assessments Accommodations Guide*. If you are administering the test to students using a one-item-per-page accommodation, use this script along with the instructions on pages 35–38 of the *2025–2026 Statewide Assessments Accommodations Guide*. For more information about Oral Presentation accommodations, see pages 41–53 of the *2025–2026 Statewide Assessments Accommodations Guide*. Scripts and instructions for students using a braille version of the test are provided with the braille test materials and are also available on the Florida Statewide Assessments Portal.

This test is **90 minutes**, and students will take a short stretch break after 45 minutes of testing. Students who need additional time after 90 minutes may continue working; however, testing must be completed within the same school day.

During this test, remember the following:

- Ensure that you have a Security Log and a seating chart, and collect required administration information for your room. Remember to maintain these documents during testing.
- If a student starts a test and leaves campus without finishing (e.g., for lunch, an appointment), he or she will **not** be allowed to return to that test. If you have concerns that a student will be unable to finish the test, you should not allow the student to begin. Instead, contact the school assessment coordinator for instructions.
- Provide individual student restroom breaks as needed, as well as lunch breaks, as appropriate, and maintain the security of the test during breaks. Only one student may leave the room at a time. The student should close his or her test and response book and should not discuss or exchange information about the test with anyone during breaks. **Students must not be given access to electronic devices (e.g., cell phones, smart glasses, tablets, smartwatches) during breaks. If a student accesses his or her electronic device(s) during a break, that student’s test must be invalidated.**
- During a break, you may reread portions of this script to students as reminders (e.g., check your work, testing rules).
- If a disruption occurs during testing, note the time of the disruption in order to provide students the appropriate amount of remaining time once testing resumes.
- When reading the following script, please note that optional words are italicized and in parentheses.

- Be familiar with the prohibited activities listed on the *Test Administrator Prohibited Activities Agreement* that you signed.

Before Reading This Script

1. Before students arrive, ensure that the testing room is prepared as described on pages 24–25 of the Spring/Summer 2026 Manual, including removing or covering any visual aids on boards or walls.
2. Ensure that you have all test materials needed for this test.
3. Ensure that the Electronic Devices sign is visible to all students and that the Do Not Disturb sign is posted at each entrance to the testing room. (Signs are available in Appendix C of the Spring/Summer 2026 Manual and on the Florida Statewide Assessments Portal.)
4. Ensure that all student desktops are cleared off and are free of any unauthorized aids (e.g., word lists, dictionaries). Do not provide any non-testing materials to students, such as graphic organizers or study sheets.
5. Ensure that students' personal electronic devices are put away or collected, depending on your school's procedures.
6. Provide each student with a No. 2 pencil.

SAY	Today, you will take the Grade 3 FAST ELA Reading test. You may not have any electronic or recording devices at your desk, in your pockets, or anywhere you can reach them at any time during this test, even if they are turned off or you do not use them. Electronic and recording devices include but are not limited to cell phones, smart glasses, tablets, smartwatches, cameras, and any device capable of listening, recording, storing, viewing, or playing back audio or visual content. You may not use Bluetooth/wireless headphones/earbuds during testing. If you have access to or use any electronic or recording devices at any time during this test, including breaks, your test will not be scored. Check your pockets and your work area now to make sure you don't have any electronic devices. If you have any devices with you right now, please turn them off and raise your hand.
-----	---

If a student raises his or her hand, follow your school's procedures regarding electronic devices. At this time, silence your own electronic device(s).

Distribute the FAST ELA Reading test and response books.

Contact your school assessment coordinator if you have preidentified books that do not belong to students in your testing room or if you need additional test and response books. Update your required administration information as necessary.

After distributing test and response books,

SAY	The only materials on your desk should be your No. 2 pencil and your FAST ELA Reading test and response book. Without opening your book, look at the label at the top of your book. Check to make sure that your name and date of birth are on the label. If you see any problems, raise your hand.
-----	---

If a student has an incorrect label affixed to his or her book, contact your school assessment coordinator.

SAY	Now, look at the middle of the front cover of your test and response book. Print your first and last names next to Student Name .

-----	---

SAY	• When filling in a bubble or bubbles to provide your answer, only fill in the bubbles you want to count as correct answers. • When you have completed this test, you may review your work. Script for Administering the Accommodated Paper-Based Grade 8 Science Assessment

160+ Minutes

The following script should be used to administer the Grade 8 Science assessment to students using a regular print, large print, or one-item-per-page paper-based accommodation.

When testing students who are allowed certain administration accommodations (e.g., extended time, use of translation dictionary), you must modify this script with the specific instructions that students are to follow. It is important that you review the script before testing begins to determine the necessary modifications.

If you are administering the test to students using a large print accommodation, use this script along with the instructions on pages 32–35 in the *2025–2026 Statewide Assessments Accommodations Guide*. If you are administering the test to students using a one-item-per-page accommodation, use this script along with the instructions on pages 35–38 in the *2025–2026 Statewide Assessments Accommodations Guide*. For more information about Oral Presentation accommodations, see pages 41–53 in the *2025–2026 Statewide Assessments Accommodations Guide*. Scripts and instructions for students using a braille version of the test are provided with the braille test materials and are also available on the Florida Statewide Assessments Portal.

This test is 160 minutes, and students will take a short stretch break after 80 minutes of testing. Students who need additional time after 160 minutes may continue working; however, testing must be completed within the same school day.

During this test, remember the following:

- Ensure that you have a Security Log and a seating chart, and collect required administration information for your room. Remember to maintain these documents during testing.
- If a student starts a test and leaves campus without finishing (e.g., for lunch, an appointment), he or she will **not** be allowed to return to that test. If you have concerns that a student will be unable to finish the test, you should not allow the student to begin. Instead, contact the school assessment coordinator for instructions.
- Provide individual student restroom breaks as needed, as well as lunch breaks, as appropriate, and maintain the security of the test during breaks. Only one student may leave the room at a time. The student should close his or her test and response book and should not discuss or exchange information about the test with anyone during breaks. **Students must not be given access to electronic devices (e.g., cell phones, smart glasses, tablets, smartwatches) during breaks. If a student accesses his or her electronic device(s) during a break, that student’s test must be invalidated.**
- During a break, you may reread portions of this script to students as reminders (e.g., check your work, testing rules).
- If a disruption occurs during testing, note the time of the disruption in order to provide students the appropriate amount of remaining time once testing resumes.
- Be familiar with the prohibited activities listed on the *Test Administrator Prohibited Activities Agreement* that you signed.

Before Reading This Script

1. Before students arrive, ensure that the testing room is prepared as described on pages 24–25 of the Spring/Summer 2026 Manual, including removing or covering any visual aids on boards or walls.
2. Ensure that you have all test materials needed for this test.
3. Ensure that the Electronic Devices sign is visible to all students and that the Do Not Disturb sign is posted at each entrance to the testing room. (Signs are available in Appendix C of the Spring/Summer 2026 Manual and on the Florida Statewide Assessments Portal.)
4. Ensure that all student desktops are cleared off and are free of any unauthorized aids (e.g., charts displaying scientific concepts). Do not provide any non-testing materials to students, such as graphic organizers or study sheets.
5. Ensure that students' personal electronic devices are put away or collected, depending on your school's procedures.
6. Distribute the following materials to each student:
 - A No. 2 pencil
 - A *Periodic Table of the Elements*
 - A handheld four-function calculator

SAY	Today, you will take the Grade 8 Science test. You may not have any electronic or recording devices except a four-function calculator at your desk, in your pockets, or anywhere you can reach them at any time during this test, even if they are turned off or you do not use them. Electronic and recording devices include but are not limited to cell phones, smart glasses, tablets, smartwatches, cameras, and any device capable of listening, recording, storing, viewing, or playing back audio or visual content. You may not use Bluetooth/wireless headphones/earbuds during testing. If you have access to or use any electronic or recording devices at any time during this test, including breaks, your test will not be scored. Check your pockets and your work area now to make sure you don't have any electronic devices. If you have any devices with you right now, please turn them off and raise your hand.
-----	--

If a student raises his or her hand, follow your school's procedures regarding electronic devices. At this time, silence your own electronic device(s).

SAY	You will have 160 minutes to complete this test, and we will take a short stretch break after 80 minutes. After 160 minutes, you will be permitted to continue working if you need additional time.
-----	---

Distribute the Grade 8 Science test and response books.

Contact your school assessment coordinator if you have preidentified books that do not belong to students in your testing room or if you need additional test and response books. Update your required administration information as necessary.

After distributing test and response books,

SAY	The only materials on your desk should be your No. 2 pencil, your Grade 8 Science test and response book, your <i>Periodic Table of the Elements</i>, and your calculator. You may not share calculators during the test.
-----	--

SAY	Without opening your book, look at the label at the top of your book. Check to make sure that your name and date of birth are on the label. If you see any problems, raise your hand.
-----	---

If a student has an incorrect label affixed to his or her book, contact your school assessment coordinator.

SAY	Now, look at the middle of the front cover of your test and response book. Print your first and last names next to Student Name .
-----	---

The student name field on the test and response book must be completed by each student even when a student PreID label is affixed.

SAY	Find the plastic tab on the right side of your book. Carefully pull the tab out and down . Do not remove any remaining pieces of the tab.
-----	---

Make sure that all students pull the tab. If a student tears his or her book, contact your school assessment coordinator.

SAY	Now, open your test and response book to page 2 and look at the Testing Rules Acknowledgment. Please listen as I review the testing rules. • You may not have a cell phone during testing. • Do not talk to other students or make any disturbance. • Do not look at another student's test materials. • Do not allow another student to look at your test materials. • Do not ask for or provide help answering any test questions. • You cannot have notes or scratch paper. • Do not have access to or use any electronic or recording devices at any time during this session, including during breaks. Because the content in all statewide assessments is secure, you may not discuss or reveal details about the test items or content after the test. This includes any type of electronic communication, such as texting, emailing, or posting to social media sites. Are there any questions?
-----	--

Answer all questions.

SAY	Now, read silently as I read the Testing Rules Acknowledgment out loud. I understand the testing rules that were just read to me. If I do not follow these rules, my test score may be invalidated. Now, sign your name on the line next to Signature in your test and response book to indicate that you understand the testing rules.
-----	---

Pause while students sign their names. If a student does not sign his or her name, contact your school assessment coordinator.

SAY	Now, look at page 3 of your book. The picture of the four-function calculator indicates the function of each of the keys. Note that some calculators display the negative sign to the right of the numbers rather than to the left.
-----	---

SAY	Let's perform a calculator check. Key in the subtraction problem <i>three minus seven</i>. Your calculator will display the answer as a 4 followed by a negative sign or as a negative sign followed by a 4 (<i>4 – or – 4</i>). Either is correct. The bottom half of the page lists Helpful Hints for Using a Four-Function Calculator. Take a moment to read through the list of hints. You may refer to this page at any time during the test.
-----	--

Pause to allow students time to review the list.

SAY	Turn to page 6 and read silently as I read aloud the directions at the top of the page. Read each item in this Test and Response Book. Then, choose the best answer to each item. Fill in the bubble completely beside the answer you choose. If you change your answer, be sure to erase completely. Now, close your test and response book. Look at the <i>Periodic Table of the Elements</i>. You may refer to the periodic table at any time during the Grade 8 Science Assessment. Remember the following: • Mark your answers directly in your test and response book. • Read each item carefully so you will understand how to respond. • Completely fill in the bubble that you choose for your answer. If you change an answer, be sure to erase completely. • When filling in a bubble to provide your answer, only fill in the bubble you want to count as the correct answer. • When you have completed this test, you may review your work. Try to answer every question. If you aren't sure how to answer a question, skip it and keep going. After you have answered all the other questions, go back and answer any questions you skipped. You may not have scratch paper, but you may use the blank space in your test and response book as workspace. Please raise your hand if you have any questions.
-----	---

Answer all questions.

Script for Administering the Accommodated Paper-Based Grade 3 FAST Mathematics PM3

100+ Minutes

The following script should be used to administer the Grade 3 FAST Mathematics assessment to students using a regular print, large print, or one-item-per-page paper-based accommodation.

When testing students who are allowed certain administration accommodations (e.g., extended time, use of translation dictionary), you must modify this script with the specific instructions that students are to follow. It is important that you review the script before testing begins to determine the necessary modifications.

If you are administering the test to students using a large print accommodation, use this script along with the instructions on pages 32–35 of the *2025–2026 Statewide Assessments Accommodations Guide*. If you are administering the test to students using a one-item-per-page accommodation, use this script along with the instructions on pages 35–38 of the *2025–2026 Statewide Assessments Accommodations Guide*. For more information about Oral Presentation accommodations, see pages 41–53 of the *2025–2026 Statewide Assessments Accommodations Guide*. Scripts and instructions for students using a braille version of the test are provided with the braille test materials and are also available on the Florida Statewide Assessments Portal.

This test is 100 minutes, and students will take a short stretch break after 50 minutes of testing. Students who need additional time after 100 minutes may continue working; however, testing must be completed within the same school day.

During this test, remember the following:

- Ensure that you have a Security Log and a seating chart, and collect required administration information for your room. Remember to maintain these documents during testing.
- If a student starts a test and leaves campus without finishing (e.g., for lunch, an appointment), he or she will **not** be allowed to return to that test. If you have concerns that a student will be unable to finish the test, you should not allow the student to begin. Instead, contact the school assessment coordinator for instructions.
- Provide individual student restroom breaks as needed, as well as lunch breaks, as appropriate, and maintain the security of the test during breaks. Only one student may leave the room at a time. The student should close his or her test and response book and should not discuss or exchange information about the test with anyone during breaks. **Students must not be given access to electronic devices (e.g., cell phones, smart glasses, tablets, smartwatches) during breaks. If a student accesses his or her electronic device(s) during a break, that student’s test must be invalidated.**
- During a break, you may reread portions of this script to students as reminders (e.g., check your work, testing rules).
- If a disruption occurs during testing, note the time of the disruption in order to provide students the appropriate amount of remaining time once testing resumes.

- When reading the following script, please note that optional words are italicized and in parentheses.
- Be familiar with the prohibited activities listed on the *Test Administrator Prohibited Activities Agreement* that you signed.

Before Reading This Script

1. Before students arrive, ensure that the testing room is prepared as described on pages 24–25 of the Spring/Summer 2026 Manual, including removing or covering any visual aids on boards or walls.
2. Ensure that you have all test materials needed for this test.
3. Ensure that the Electronic Devices sign is visible to all students and that the Do Not Disturb sign is posted at each entrance to the testing room. (Signs are available in Appendix C of the Spring/Summer 2026 Manual and on the Florida Statewide Assessments Portal.)
4. Ensure that all student desktops are cleared off and are free of any unauthorized aids (e.g., charts displaying mathematical concepts). Do not provide any non-testing materials to students, such as graphic organizers or study sheets.
5. Ensure that students' personal electronic devices are put away or collected, depending on your school's procedures.
6. Provide each student with a No. 2 pencil.

SAY	Today, you will take the Grade 3 FAST PM3 Mathematics test. You may not have any electronic or recording devices at your desk, in your pockets, or anywhere you can reach them at any time during this test, even if they are turned off or you do not use them. Electronic and recording devices include but are not limited to cell phones, smart glasses, tablets, smartwatches, cameras, and any device capable of listening, recording, storing, viewing, or playing back audio or visual content. You may not use Bluetooth/wireless headphones/earbuds during testing. If you have access to or use any electronic or recording devices at any time during this test, including breaks, your test will not be scored. Check your pockets and your work area now to make sure you don't have any electronic devices. If you have any devices with you right now, please turn them off and raise your hand.
-----	---

If a student raises his or her hand, follow your school's procedures regarding electronic devices. At this time, silence your own electronic device(s).

Distribute the FAST Mathematics PM3 test and response books.

Contact your school assessment coordinator if you have preidentified books that do not belong to students in your testing room or if you need additional test and response books. Update your required administration information as necessary.

After distributing test and response books,

SAY	The only materials on your desk should be your No. 2 pencil and your FAST PM3 Mathematics test and response book. Without opening your book, look at the label at the top of your book. Check to make sure that your name and date of birth are on the label. If you see any problems, raise your hand.
-----	---

If a student has an incorrect label affixed to his or her book, contact your school assessment coordinator.

SAY	Now, look at the middle of the front cover of your test and response book. Print your first and last names next to Student Name.
-----	---

The student name field on the test and response book must be completed by each student even when a student PreID label is affixed.

SAY	Find the plastic tab on the right side of your book. Carefully pull the tab out and down. Do not remove any remaining pieces of the tab.
-----	---

Make sure that all students pull the tab. If a student tears his or her book, contact your school assessment coordinator.

SAY	Now, open your test and response book to page 2 and look at the Testing Rules Acknowledgment. Please listen as I review the testing rules. • You may not have a cell phone during testing. • Do not talk to other students or make any disturbance. • Do not look at another student's test materials. • Do not allow another student to look at your test materials. • Do not ask for or provide help in answering any test questions. • You cannot have notes or scratch paper. • Do not have access to or use any electronic or recording devices at any time during this session, including during breaks. Because the content in all statewide assessments is secure, you may not discuss or reveal details about the test items or content after the test. This includes any type of electronic communication, such as texting, emailing, or posting to social media sites. Are there any questions?
-----	---

Answer all questions.

SAY	Now, read silently as I read the Testing Rules Acknowledgment out loud. I understand the testing rules that were just read to me. If I do not follow these rules, my test score may be invalidated. Now, sign your name on the line next to Signature in your test and response book to indicate that you understand the testing rules.
-----	---

Pause while students sign their names. If a student does not sign his or her name, contact your school assessment coordinator.

SAY	Turn to page 3 and read silently as I read aloud the directions at the top of the page. Use the space in this Test and Response Book to do your work. Then, completely fill in the bubble beside the answer you choose. For some items, filling in more than one bubble may be required, so read each item carefully. If you change your answer, be sure to erase completely. Some items will ask you to write a response in a shaded box or boxes. See the sample item below.
-----	---

SAY	The sample item asks you to create a fraction that represents the shaded part of the circle. Take a moment to find the answer. <i>(Pause.)</i> Write your response in the shaded box. The directions at the bottom of the page say: Some items may have more than one box, so read each item carefully. Your answers for the items with response boxes may contain whole numbers or fractions. Make sure to always write your answer in the shaded box or boxes. If you write your answer outside of the shaded box it will not be counted. Are there any questions?
-----	--

Answer all questions.

SAY	Remember the following: • Mark your answers directly in your test and response book. • Read each item carefully so you will understand how to respond. • Completely fill in the bubble or bubbles that you choose for your answer or write your response in the shaded box. If you change an answer, be sure to erase completely. • When filling in a bubble or bubbles to provide your answer, only fill in the bubbles you want to count as correct answers. • When you have completed this test, you may review your work. Try to answer every question. If you aren't sure how to answer a question, skip it and keep going. After you have answered all the other questions, go back and answer any questions you skipped. You may not have scratch paper, but you may use the blank space in your test and response book as workspace. Please raise your hand if you have any questions.
-----	---

Pause to allow students a moment to review the instructions and answer all student questions.

Read Option A, B, or C based on instructions from your school assessment coordinator.

Option A

SAY	When you have finished the test, review your work carefully and make sure you have answered every question. Then, close your test and response book and raise your hand. I will collect your test materials and provide you with further instructions. Once I have collected your test and response book, I will not be able to return it to you. Please raise your hand if you have any questions.
-----	---

OR

Sit quietly until I tell you that the test has ended. You may read, but you may not write.
	Please raise your hand if you have any questions.

Answer all questions.

SAY	If you need to leave the room at any time, raise your hand. Only one student may leave the room at a time. Close your test and response book before you leave. While outside the testing room, you are not permitted to access any electronic devices or discuss the test with anyone. You have 100 minutes to complete this test, and we will take a short stretch break after 50 minutes. After 100 minutes, you will be permitted to continue working if you need additional time. I will remind you when there are 10 minutes left in the test. Open your test and response book to page 6 and begin working.

Display the STARTING and STOPPING times for students.

Although it is your responsibility to ensure that students are working independently, you are prohibited from reading test content before, during, and after the test.

Do not use cell phones, classroom phones, computers, or other devices (except to contact your school assessment coordinator in an emergency). Do not check email, grade papers, etc. Your full attention should be on students **at all times** while you are **actively monitoring** the testing room.

If a defective book is found during testing, contact your school assessment coordinator to obtain a replacement book with a new student PreID label. Do not remove the student PreID label from the defective book.

Add the new security number to your required administration information. Direct the student to write his or her name on the line in the middle of the front cover of the replacement book.

After 50 minutes from the STARTING time,

SAY	Stop. Put your pencil down and close your test and response book. You may stand and stretch, but do not talk.
-----	--

After a short break,

SAY	Now, be seated. You still have 50 minutes to complete this test, and I will let you know when there are 10 minutes left. You will be permitted to continue working if you need additional time. Remember, if you finish early, go back and check your work.
	Make sure you are on the page where you left off. You may now continue working.

After 40 minutes,

SAY	There are 10 minutes left in this test. Remember that you will be permitted to continue working if you need additional time.
-----	--

After 10 more minutes,

SAY	Stop. Put your pencil down and close your test and response book. Raise your hand if you would like additional time to work. Please sit quietly and do not continue working at this time.
	If you have finished working, I will collect your test and response book now.

Collect test materials from students who are finished with their tests.

Based on instructions from your school assessment coordinator, either dismiss students who have finished and allow students who have not finished to continue working, **or** move students who require additional time to an alternate testing location. If students are moved to a new location, create a new seating chart for that location, return the test materials that the students used in the previous testing location, and ensure that students using extra time are allowed the correct amount of time to complete the test. **Students who need additional time after 100 minutes may continue working; however, testing must be completed within the same school day.**

Once students are ready to continue working,

SAY	Now, we will continue testing.
	Remember, if you need to leave the room at any time, raise your hand. Only one student may leave the room at a time. While outside the testing room, you are not permitted to access any electronic devices or discuss the test with anyone.
	Now, open your test and response book and continue working.

If an extended break such as lunch occurs, collect the test and response books before the students leave the room. Place all testing materials in locked storage until testing resumes. **Students may not have electronic devices during breaks. If a student accesses his or her electronic device(s) during a break, that student's test must be invalidated.** When testing is ready to resume, return the test materials that the students used prior to the extended break.

Display the new stopping time for students. Once students are ready to continue working,

SAY	Now, we will continue testing. You have until _____ to continue working, and I will let you know when there are 10 minutes left.
	Now, open your test and response book and continue working.

At 10 minutes before the stopping time,

SAY	You have 10 minutes to finish the test.
-----	---

After 10 more minutes,

SAY	Stop. Put your pencil down and close your test and response book.

SAY	You have 10 minutes to finish the test.
-----	---

After 10 more minutes,

SAY	Stop. Put your pencil down and close your test and response book.
-----	--

Collect test materials.

Complete the following steps:

1. Make sure that each student returns his or her test and response book (and reference sheet), and indicate on your required administration information that each book is returned. Also make sure that your testing room seating chart is accurate and complete and includes arrows to indicate which direction students are facing.
2. Report any missing materials and/or test irregularities or security breaches to your school assessment coordinator immediately.
3. Ensure that the student name field has been completed on the front cover and that the information on the PreID label is accurate and complete.
4. Record the accommodations provided to students and the accommodations used by students on your required administration information. Use the following accommodations codes to record this information:

For ESE/504 students:

- 1-FP = Flexible Presentation
- 1-FR = Flexible Responding
- 1-FSC = Flexible Scheduling
- 1-FSE = Flexible Setting
- 1-AD = Assistive Devices

For ELL or recently exited ELL students:

- 2-FSC = Flexible Scheduling
- 2-FSE = Flexible Setting
- 2-AHL = Assistance in Heritage Language
- 2-ADI = Approved Dictionary

5. Return all materials to your school assessment coordinator as described on page 150 of the Spring/Summer 2026 Manual.

Script for Administering the Accommodated Paper-Based Grades 6–8 FAST Mathematics PM3

120+ Minutes

The following script should be used to administer the Grades 6–8 FAST Mathematics assessment to students using a regular print, large print, or one-item-per-page paper-based accommodation.

When testing students who are allowed certain administration accommodations (e.g., extended time, use of translation dictionary), you must modify this script with the specific instructions that students are to follow. It is important that you review the script before testing begins to determine the necessary modifications.

If you are administering the test to students using a large print accommodation, use this script along with the instructions on pages 32–35 of the *2025–2026 Statewide Assessments Accommodations Guide*. If you are administering the test to students using a one-item-per-page accommodation, use this script along with the instructions on pages 35–38 of the *2025–2026 Statewide Assessments Accommodations Guide*. For more information about Oral Presentation accommodations, see pages 41–53 of the *2025–2026 Statewide Assessments Accommodations Guide*. Scripts and instructions for students using a braille version of the test are provided with the braille test materials and are also available on the Florida Statewide Assessments Portal.

This test is 120 minutes, and students will take a short stretch break after 60 minutes of testing. Students who need additional time after 120 minutes may continue working; however, testing must be completed within the same school day.

During this test, remember the following:

- Ensure that you have a Security Log and a seating chart, and collect required administration information for your room. Remember to maintain these documents during testing.
- If a student starts a test and leaves campus without finishing (e.g., for lunch, an appointment), he or she will **not** be allowed to return to that test. If you have concerns that a student will be unable to finish the test, you should not allow the student to begin. Instead, contact the school assessment coordinator for instructions.
- Provide individual student restroom breaks as needed, as well as lunch breaks, as appropriate, and maintain the security of the test during breaks. Only one student may leave the room at a time. The student should close his or her test and response book and should not discuss or exchange information about the test with anyone during breaks. **Students must not be given access to electronic devices (e.g., cell phones, smart glasses, tablets, smartwatches) during breaks. If a student accesses his or her electronic device(s) during a break, that student’s test must be invalidated.**
- During a break, you may reread portions of this script to students as reminders (e.g., check your work, testing rules).
- If a disruption occurs during testing, note the time of the disruption in order to provide students the appropriate amount of remaining time once testing resumes.

- When reading the following script, please note that optional words are italicized and in parentheses.
- Be familiar with the prohibited activities listed on the *Test Administrator Prohibited Activities Agreement* that you signed.

Before Reading This Script

1. Before students arrive, ensure that the testing room is prepared as described on pages 24–25 of the Spring/Summer 2026 Manual, including removing or covering any visual aids on boards or walls.
2. Ensure that you have all test materials needed for this test.
3. Ensure that the Electronic Devices sign is visible to all students and that the Do Not Disturb sign is posted at each entrance to the testing room. (Signs are available in Appendix C of the Spring/Summer 2026 Manual and on the Florida Statewide Assessments Portal.)
4. Ensure that all student desktops are cleared off and are free of any unauthorized aids (e.g., charts displaying mathematical concepts). Do not provide any non-testing materials to students, such as graphic organizers or study sheets.
5. Ensure that students' personal electronic devices are put away or collected, depending on your school's procedures.
6. Ensure that students have the following:
 - A No. 2 pencil
 - For Grade 6, a handheld four-function calculator
 - For Grades 7–8, a handheld scientific calculator with only allowable functionalities
 - *Grade ____ FAST Mathematics Reference Sheet* (Paper reference sheets should be provided only if your school is providing copies for all students.)

SAY	Today, you will take the Grade ____ FAST PM3 Mathematics test. You may not have any electronic or recording devices, other than your calculator, at your desk, in your pockets, or anywhere you can reach them at any time during this test, even if they are turned off or you do not use them. Electronic and recording devices include but are not limited to cell phones, smart glasses, tablets, smartwatches, cameras, and any device capable of listening, recording, storing, viewing, or playing back audio or visual content. You may not use Bluetooth/wireless headphones/earbuds during testing. If you have access to or use any electronic or recording devices at any time during this test, including breaks, your test will not be scored. Check your pockets and your work area now to make sure you don't have any electronic devices. If you have any devices with you right now, please turn them off and raise your hand.
-----	---

If a student raises his or her hand, follow your school's procedures regarding electronic devices. At this time, silence your own electronic device(s).

Distribute the FAST Mathematics PM3 test and response books.

Contact your school assessment coordinator if you have preidentified books that do not belong to students in your testing room or if you need additional test and response books. Update your required administration information as necessary.

After distributing test and response books,

SAY	The only materials on your desk should be your (<i>Grade ____ FAST Mathematics Reference Sheet,</i>) No. 2 pencil, your FAST PM3 Mathematics test and response book, and your calculator. You may not share calculators during the test. Without opening your book, look at the label at the top of your book. Check to make sure that your name and date of birth are on the label. If you see any problems, raise your hand.
-----	--

If a student has an incorrect label affixed to his or her book, contact your school assessment coordinator.

SAY	Now, look at the middle of the front cover of your test and response book. Print your first and last names next to Student Name.
-----	---

The student name field on the test and response book must be completed by each student even when a student PreID label is affixed.

SAY	Find the plastic tab on the right side of your book. Carefully pull the tab out and down. Do not remove any remaining pieces of the tab.
-----	---

Make sure that all students pull the tab. If a student tears his or her book, contact your school assessment coordinator.

SAY	Now, open your test and response book to page 2 and look at the Testing Rules Acknowledgment. Please listen as I review the testing rules. • You may not have a cell phone during testing. • Do not talk to other students or make any disturbance. • Do not look at another student’s test materials. • Do not allow another student to look at your test materials. • Do not ask for or provide help in answering any test questions. • You cannot have notes or scratch paper. • Do not have access to or use any electronic or recording devices at any time during this session, including during breaks. Because the content in all statewide assessments is secure, you may not discuss or reveal details about the test items or content after the test. This includes any type of electronic communication, such as texting, emailing, or posting to social media sites. Are there any questions?
-----	---

Answer all questions.

SAY	Now, read silently as I read the Testing Rules Acknowledgment out loud. I understand the testing rules that were just read to me. If I do not follow these rules, my test score may be invalidated. Now, sign your name on the line next to Signature in your test and response book to indicate that you understand the testing rules.
-----	---

Pause while students sign their names. If a student does not sign his or her name, contact your school assessment coordinator.

SAY	Turn to page 3 and read silently as I read aloud the directions at the top of the page. Use the space in this Test and Response Book to do your work. Then, completely fill in the bubble beside the answer you choose. For some items, filling in more than one bubble may be required, so read each item carefully. If you change your answer, be sure to erase completely. Some items will ask you to write a response in a shaded box or boxes. See the sample item below. The sample item asks you to write the value of the expression shown. Take a moment to find the answer. <i>(Pause.)</i> Write your response in the shaded box. The directions at the bottom of the page say: Some items may have more than one box, so read each item carefully. Your answers for the items with response boxes may contain whole numbers, fractions, decimals, or negative numbers.” Make sure to always write your answer in the shaded box or boxes. If you write your answer outside of the shaded box it will not be counted. Are there any questions?
-----	--

Answer all questions.

SAY	Turn to <i>(Grade 6 SAY: page 5) (Grades 7–8 SAY: pages 5–6)</i> in your test and response book and look at the Grade ____ FAST Mathematics Reference Sheet. The reference sheet contains formulas and conversions you may need to answer the mathematics questions. You may refer to this page at any time during this test session but do not tear the reference sheet out of the book. Now, close your test and response book.
-----	--

If your school provided paper copies of the Grade ____ FAST Mathematics Reference Sheet for students to use,

SAY	Now, look at the top of your paper reference sheet. It should say <i>Grade ____ FAST Mathematics Reference Sheet</i>. Examine the page carefully to ensure that content near the edge of the reference sheet has not been cut off. Please raise your hand if there are problems with your reference sheet.
-----	---

Pause, then collect any defective reference sheets and return them to the school assessment coordinator. Distribute new reference sheets to these students and instruct them to check the sheets carefully.

SAY	Write your first and last names in the upper-right corner of the reference sheet now. <i>(Pause.)</i> This is considered a secure document and must be returned at the end of the test. Please raise your hand if you have any questions.
-----	--

Answer all questions.

SAY	Remember the following: • Mark your answers directly in your test and response book. • Read each item carefully so you will understand how to respond. • Completely fill in the bubble or bubbles that you choose for your answer or write your response in the shaded box. If you change an answer, be sure to erase completely. • When filling in a bubble or bubbles to provide your answer, only fill in the bubbles you want to count as correct answers. • When you have completed this test, you may review your work. Try to answer every question. If you aren't sure how to answer a question, skip it and keep going. After you have answered all the other questions, go back and answer any questions you skipped. You may not have scratch paper, but you may use the blank space in your test and response book as workspace. Please raise your hand if you have any questions.
-----	--

Pause to allow students a moment to review the instructions and answer all student questions.

Read Option A, B, or C based on instructions from your school assessment coordinator.

Answer all questions.

SAY	If you need to leave the room at any time, raise your hand. Only one student may leave the room at a time. Close your test and response book before you leave. While outside the testing room, you are not permitted to access any electronic devices or discuss the test with anyone. You have 120 minutes to complete this test, and we will take a short stretch break after 60 minutes. After 120 minutes, you will be permitted to continue working if you need additional time. Display the STARTING and STOPPING times for students.

Although it is your responsibility to ensure that students are working independently, you are prohibited from reading test content before, during, and after the test.

Do not use cell phones, classroom phones, computers, or other devices (except to contact your school assessment coordinator in an emergency). Do not check email, grade papers, etc. Your full attention should be on students **at all times** while you are **actively monitoring** the testing room.

If a defective book is found during testing, contact your school assessment coordinator to obtain a replacement book with a new student PreID label. Do not remove the student PreID label from the defective book.

Add the new security number to your required administration information. Direct the student to write his or her name on the line in the middle of the front cover of the replacement book.

After 60 minutes from the STARTING time,

SAY	Stop. Put your pencil down and close your test and response book. You may stand and stretch, but do not talk or look at another student’s calculator (<i>or reference sheet</i>).
-----	--

After a short break,

SAY	Now, be seated. You still have 60 minutes to complete this test, and I will let you know when there are 10 minutes left. You will be permitted to continue working if you need additional time. Remember, if you finish early, go back and check your work. Make sure you are on the page where you left off. You may now continue working.
-----	--

After 50 minutes,

SAY	There are 10 minutes left in this test. Remember that you will be permitted to continue working if you need additional time.
-----	--

After 10 more minutes,

SAY	Stop. Put your pencil down and close your test and response book. Raise your hand if you would like additional time to work. Please sit quietly and do not continue working at this time. If you have finished working, I will collect your (<i>reference sheet,</i>) calculator and test and response book now.
-----	--

Collect test materials from students who are finished with their tests.

Based on instructions from your school assessment coordinator, either dismiss students who have finished and allow students who have not finished to continue working, **or** move students who require additional time to an alternate testing location. If students are moved to a new location, create a new seating chart for that location, return the test materials that the students used in the previous testing location, and ensure that students using extra time are allowed the correct amount of time to complete the test. **Students who need additional time after 120 minutes may continue working; however, testing must be completed within the same school day.**

Once students are ready to continue working,

SAY	Now, we will continue testing. Remember, if you need to leave the room at any time, raise your hand. Only one student may leave the room at a time. While outside the testing room, you are not permitted to access any electronic devices or discuss the test with anyone. Now, open your test and response book and continue working.
-----	---

If an extended break such as lunch occurs, collect the test and response books before the students leave the room. Place all testing materials in locked storage until testing resumes. **Students may not have electronic devices during breaks. If a student accesses his or her electronic device(s) during a break, that student’s test must be invalidated.** When testing is ready to resume, return the test materials that the students used prior to the extended break.

Display the new stopping time for students. Once students are ready to continue working,

SAY	Now, we will continue testing. You have until _____ to continue working, and I will let you know when there are 10 minutes left. Now, open your test and response book and continue working.
-----	---

At 10 minutes before the stopping time,
